

Program Details

Overview

US Eagle Federal Credit Union and ARNIA Foundation believe that every student should have access to the resources they need to thrive in school. That's why we have created the classroom grant program to allow teachers to invest in items that enhance the classroom experience. This year our focus is centered around financial literacy and financial wellness. Financial wellness is a crucial life skill and integrating it into classrooms can empower students to make informed decisions about money.

Awards

- \$20,000 in grants for public and charter schools K-12 ranging from \$500 - \$2,500.

Important Dates

- Application period: August 25 - September 28
- Winners notified: Week of October 20

What can the Grant be used for?

This year, grants can be submitted to implement a financial literacy curriculum, teach students how to create a budget, managing unexpected expenses and building savings, job skills and discovering what jobs pay, understanding living expenses, utilizing grant funding to create a sustainable funding source for classroom activities while engaging the students, and more! Get creative. The sky is the limit!

Requirements

enrichEd®
Classroom Grant Program

- Completed Application. Incomplete applications will not be considered.
- Must be a full-time educator or administrator at a public or charter school in one of the following counties:
 - Bernalillo
 - San Juan
 - Sandoval
 - Santa Fe
 - Valencia
- The school administration must approve all grant requests.
- A brief budget and an explanation of how the funds will be utilized is required.

What is the selection process?

Applications will be reviewed by our Philanthropic committee. Grants will be awarded based on availability, need, number of students served & geographic diversity.
