ACCOUNT NUMBER

Step 4

Select method of authentication (text, call or email) and select “request code”

A screenshot of a web form for selecting an authentication method. At the top, there are two dropdown menus: "Delivery Method" and "Phone Number". The "Delivery Method" dropdown is open, showing three options: "Text Message" (highlighted in yellow), "Voice Message", and "Email". Below the dropdowns are two buttons: "Request Code" and "Cancel".

Verification box will appear and enter the code you received.

A screenshot of a web form for entering a verification code. It features a text input field with a lock icon on the left and a "Required" label below it. At the bottom, there are three buttons: "Next", "Cancel", and "Request New Code" with a refresh icon.

Step 5

Create Username and Password.

Username must be between 8-20 characters and not use any personal identifiers (SSN, DOB, etc.)

Password must be at least 8 characters and contain 1 letter and number and not use any personal identifiers (SSN, DOB, etc.)

Then, select “Register”

A series of three screenshots showing the registration process. The first is the "Username" field with a "Username must:" label and a radio button selected for "Have between 8-20 characters". The second is the "Password" field with a "Password must:" label and three radio buttons selected: "Have between 8-64 characters", "Contain at least one letter", and "Contain at least one number". The third is the "Confirm Password" field. At the bottom of the entire set are two buttons: "Register" and "Cancel".

Step 6

Review legal agreements and select “Accept and Continue”

That’s it! You’re all setup with your new online banking!
